	Signature			
	Tick or comment	Tick or comment		
Check the availability of <b>spare parts</b> i.e. chains, sprockets etc				
<b>Lubricate</b> all points in accordance with the manufacturer's specification				
Check the rubber <b>vibration buffers</b> are in good condition. (If fitted)				
Check carburettor <b>idle adjustment</b> . Adjust to manufacturer's recommendation				
Check <b>spark arrester</b> screen. Clean or replace as required.				
<b>Re-tighten</b> all accessible screws and nuts (except for adjusting screws)				
<b>Clear away</b> all waste from inside and around motor housings, etc				
Clean <b>cylinder fins</b> and <b>cooling inlets</b> .				
Examine chainsaw drive for <b>Flaws &amp; Correct Tension</b> - Adjust if necessary				
Check chain for <b>correct Alignment, sharpness and Tension</b> – service and adjust if necessary				
Readjust <b>idle</b> as and Clean <b>fuel tank</b> required.				
Check chainsaw sharpness				
Conduct <b>any other service requirements</b> according to manufacturer's recommendation
