ERG is a Corporate Authorised Representative (No 276869) of [Insurance Advisernet Australia Pty Limited](#). (IAA - Australian Financial Services Number 240549). We suggest reviewing our [Financial Services Guide](#) for information relating to our business and how we are remunerated.

Sean McDermott is an Authorised Representative (No 447131) of [Insurance Advisernet Australia Pty Limited](#). (IAA - Australian Financial Services Number 240549). We suggest reviewing our Financial Services Guide for information relating to our business and how we are remunerated, representing Everest Risk Group Pty Ltd

2. What is AMSA's role in The Insurance?

AMSA is a Group Purchasing Body providing a financial service under the exemption granted by the Australian Securities and Investments Commission (ASIC).

3. Who do we contact to discuss The Insurance?

Everest Risk Group Pty Ltd

Sean McDermott (Authorised Representative # 447131)

Phone: 02 8880 0653

Email: amsa@everestrg.com.au

**When sending ERG email, please place the name of your Shed in the 'Subject' line.
Also place your role within the committee in the body of the email.**

When contacting ERG, you should be aware of our Privacy Policy. The Privacy Policy sets out how we collect, disclose and handle personal information under the Privacy Act and the Australian Privacy Principles.

A copy of the policy is available at: <https://insuranceadviser.net/ia-privacy-policy>

4. What policies are included in The Insurance?

ERG has put together a comprehensive package comprised of the following classes of Insurance:

1. [Public & Products Liability](#)
2. [Voluntary Workers Personal Accident](#)
3. [Industrial Special Risks*](#)
4. [Association Liability](#)
5. [Group Personal Accident](#)

Other policies are available by request via our office; however, they do not comprise part of the AMSA Insurance Program

*Industrial Special Risks is only provided when requested, paid for and shown as insured on your invoice provided by AMSA

5. Are you the insurer?

No, we are the Insurance Advisor and act in the interests of AMSA and their member base as their intermediary.

We arrange The Insurance through various insurers and seek to find terms which will be the most favourable and suitable for AMSA and its members.

6. Do we pay you directly?

In most cases, no. AMSA will invoice you the full cost of the insurance package which is then forwarded to us, in its entirety, for distribution to the various insurers.

The exception to this is where you have arranged additional coverage for your Shed building/contents or other bespoke coverage requests. We will invoice you directly, and you will remit funds directly to Insurance Advisernet Australia Pty Ltd.

7. What is the cost of The Insurance?

The cost for the period 28 February 2021 – 28 February 2022 will increase to \$25.50 per member.

This is inclusive of all fees and charges but excludes any membership fee which may be charged by AMSA.

The cost of \$25.50 per member does not include any additional coverages arranged via our office.

8. Who is the Insured?

Most of the policies share the common insured name as follows:

'Australian Men's Shed Association ABN 84 144 866 277 (AMSA) and

all Individual Sheds accepted as being part of AMSA and the members of all noted entities as per the shed register provided by AMSA

9. How have you described our activities to the insurer(s)?

For the purpose of clarity and avoidance of doubt, the following Business Description and activity list has been conveyed, disclosed and accepted by insurers participating in the AMSA insurance:

'Community Non for profit organisation with activities such as:

- a) Fundraising BBQ's for the shed & community
- b) Holding and/or organisation of Fete's, Markets & the Like including car parking direction (not a valet service) where there will be less than 2,500 participants, no fireworks or pyrotechnics and each exhibitor would be responsible for their own insurance coverage
- c) Project work within a shed space, including all workshop type activities and subsequent installation where Statutory Certification is not required
- d) Project work in the community excluding trade services where Statutory Certification is required
- e) Mentoring and tutorage of students and those from Youth Justice Programmes from the age of 12
- f) Instruction of others within the shed on correct use of workshop tools and equipment
- g) Production and sale of woodwork and other products in order to support fundraising objectives of the shed
- h) Exercise programmes for mind, body & spirit including workout space where weight blocks do not exceed 5kg
- i) Repairs to machinery &/or equipment including lawnmowers or small calibre motorised equipment where Statutory Certification is not required
- j) Book Clubs
- k) Excursions, including by bicycle or foot, on designated tracks, pathways and other outside locations
- l) Tours & Tour accompaniment within Australia
- m) Provision of guest speakers on relevant topics
- n) Model aircraft flying and tutorage
- o) Working with local retailers to construct equipment as per manufacturers specifications
- p) Tutorage and assistance of those with special needs'
- q) Cookery classes where the instructor has relevant food handling certification'

- r) Testing & Tagging of Shed owned equipment where the work is done by those holding appropriate certification. This does not extend to equipment being readied for sale.
- s) Working with participants provided from external agencies

10. Are there Excluded Activities?

Each policy has its own list of overarching exclusions, which must be read within the terms and conditions of each policy. However, regarding Public & Products Liability, there are a specific set of activities which are excluded from cover. This has been done to prevent significant premium impost to the members whom form the policy.

This insurance does not apply to any damages, loss, cost or expense arising out of bodily injury, personal injury or property damage sustained by any person during their:

- participation in; or
- preparation for participation in;

any performance, game, match, practice, trial, demonstration or other activity in connection with the Specified Sporting Activity(ies) scheduled below including such bodily injury, personal injury or property damage caused by another person(s) participating in the same activity(ies).

Specified Sporting Activity(ies):

1. Flying foxes, zip wires, zip lines and/or aerial runways;
2. Bungee jumping;
3. Motorised water sports;
4. Rodeos;
5. Canyoning;
6. Abseiling & outdoor rock climbing
7. Caving;
8. Jumping pillows;
9. Go karting (whether motorised or not)
10. Motorised Sport of any kind
11. Parachuting/sky diving
12. Zorbing
13. Jet pack assisted or unassisted related flying devices.
14. Hunting and any activities involving live fire ammunition

The exclusions (1) – (14) are absolute and for the protection of the claims history and long term affordability of the AMSA programme.

11. Our shed performs one or more of the 'Excluded activities', what now?

Unfortunately, the Program will not recognise the activity as being covered by insurance.

In this instance, you have two options:

1. Cease performing the activity; or,
2. Contact Everest Risk Group in order to discuss the possibility of having a policy issued outside of The AMSA Insurance. Additional information will be required, and applicable premiums paid.

12. We cannot find an activity listed on either the 'Included' or 'Excluded' lists, what now?

If you perform an activity which falls outside of either of the 'Included' or 'Excluded' list, we suggest you contact our office, providing details of what the activity is.

It may be a simple case of interpretation, we therefore suggest, before contacting us, you review the Business Description & Excluded Activities in detail.

13. Can we sign a contract with anybody and still be covered?

Be careful when signing contracts with other parties. Whilst we are not qualified to provide you with legal advice, we can't stress enough, the importance of checking the contract against the insurance you have.

Be particularly mindful when signing documents where you assume the liability of others, or, you waive any claim or right of recovery against the other party for loss.

If you are in any doubt as to whether you are exposing yourself to potential uninsured liabilities, whilst it is not a requirement, we suggest you contact our office to discuss before the contract is entered into.

14. We run our Shed as a commercial operation, is this still covered?

No. Where a Shed is operating as a commercial operation, as in, it has shareholders or is designed to turn a profit for the benefit of specific third parties, no cover is provided.

The policies are issued on the understanding that a Shed is a Not for Profit community organisation, raising funds for the continuance of programmes in the benefit of the Shed and the community.

15. Is there an upper age limit to those working in a Shed?

No

16. We are about to build a Shed, what should we do?

If you are to be the principal (owner builder), please contact our office to arrange cover under a Contract Works policy. The Industrial Special Risks policy under the AMSA Insurance Program does not cover damage to sheds during the construction phase.

17. We have a member with a full time carer, will this carer be covered by the AMSA Insurance Program?

No. Full time carers have access to government arranged insurance schemes; or, in the event they are employed to be a carer, should be covered by their employers' policy.

Prior to access on site, it is suggested the Shed obtain a copy of the carers insurance.

18. We sublease our Shed to other parties, are they covered by our policies?

No. There is no first party access to the AMSA Insurance Program. Confirmation of the other parties insurance should be sought before access is granted.

19. Can we make participants from external agencies, members of the Association?

Anybody can be made a member of the Association, subject to each committee's guidelines and constitution. Coverage for a claim will ultimately rely on whether the individual was at the Association as a member; or, as part of another program.

20. Some of our members attend as Mutual Obligation participants, are they covered?

As there are limitations within the Voluntary Workers Personal Accident policy for members whom are participating in order to meet their Mutual Obligation requirements with Centrelink, the AMSA have arranged a Group Personal Accident policy to address some of these limitations. Coverage extends to All participants undertaking Mutual Obligations or other such training programs administered by the Commonwealth whilst at a facility participating in the AALS Insurance Program

21. When does cover apply for the Group Personal Accident policy?

Cover under the Policy applies whilst a Covered Person is performing Mutual Obligations at the insured's premises including direct travel to and from such Mutual Obligations. Provided always that any voluntary work is officially organised by and under the control of the Policyholder.

22. Should we allow members to work in the Shed by themselves?

No. AMSA does not approve of the Shed being utilised by individuals, where no one else is present. This presents obvious health and safety concerns should an accident occur.

It is understood this exception does not apply where general admin/rubbish duties are being performed.

23. What happens if our Shed has less than 15 Members?

We understand Sheds may be developing and have numbers less than 15. Unfortunately, due to the administrative cost, along with the low cost involved, a minimum of fifteen members applies.

24. Will we receive a refund if we lower our member numbers throughout the year?

No.

It is accepted member numbers move up and down throughout the year. We do not require redeclaration of member numbers throughout the year, therefore, your cost will not move up or down in relation to member number fluctuation.

25. Will we receive a refund if we cancel our coverage throughout the year?

As the AMSA Insurance Program is a group scheme, relying upon the membership base to keep premiums low, we are unable to offer refunds of premiums, fees or charges, for midterm cancellation. Conversely, if a Shed cancels its insurance coverage, we will not receive any return premium from insurers.

26. Should we allow animals on site?

The committee has a responsibility to ensure the environment they provide is safe to those who utilise it, and those around it. Animals on site, introduce an unstable element to an already dangerous situation (a workshop with tools), which cannot be controlled, and can leave the committee exposed to claims should something occur. We do not condone or promote the allowance of animals on site.

Service animals, if kept away from working areas, with a well thought out risk assessment, may be assessed as low hazard – which is for the individual committee to decide upon.

27. Where can we post correspondence, including claims?

Everest Risk Group does not accept posted mail or correspondence, including claims.

All correspondence is received electronically, via our online forms or email amsa@everestrg.com.au

28. MAKING A CLAIM

As the nature of accidents cannot be predicted or do not follow set patterns, it is impossible to give guidelines for procedures in every claim. However, procedures for some classes of insurance are provided to cover most circumstances. For any other claim involving other classes of insurance, you should always contact us without delay.

 <p>01 PROMPT NOTICE</p> <p>Promptly notify Everest Risk Group of all claims or circumstances that have potential to result in a claim</p>	 <p>02 NO LIABILITY</p> <p>Under no circumstances must liability for loss or damage be admitted or accepted</p>

Particular attention should be given to the following matters:

- Forward any written and/or verbal communications from a third party to Everest Risk Group. Please be aware that a judgment may be given against you if a writ summons is not complied with, especially if an appearance needs to be entered within a specific time frame.

loss and value of each item at the time of a claim. We suggest retaining an electronic copy of Asset Register, receipts and other proof of ownership documentation, in the cloud, for access when required. In addition to an asset register, a video log of the shed interior and contents could also assist in quantifying your loss to the insurer the event of destruction or major burglary.

In the event of an emergency where a building is not safe, please call Sean McDermott on 02 8880 0653 (diverts to mobile out of hours) and he will assist where able.

PUBLIC & PRODUCTS LIABILITY

33. Who is the insurer?

Chubb Insurance Australia Ltd

34. What is Public & Products Liability?

The policy covers Your legal liability to pay compensation, including costs, fees and expenses, for Injury or Damage to third parties which occurs as a result of an Occurrence in connection with your activities.

In order to make a claim, negligence must first be asserted to you, and a written demand made by a third party.

35. Where can we view the policy wording?

[CLICK HERE](#)

36. What is our limit of cover?

The policy provides:

• Each Occurrence Limit	\$40,000,000
• Each Act Limit (Advertising Injury & Personal Injury)	\$40,000,000
• Products Hazard Aggregate Limit	\$40,000,000
• Advertising Injury Aggregate Limit	\$40,000,000
• Pollution Aggregate Limit	\$40,000,000

37. How do we get a Certificate of Insurance?

A generic Certificate of Insurance will be available from the AMSA website from the 28th of February, however, in the event you require a bespoke certificate, listing your specific Shed, please contact AMSA's office in order to obtain. You will need to have your membership number available and details of any third party requiring their noted interests.

38. We work with children, is this a problem?

Item (e) in the list of 'Included' activities shows:

Mentoring and tutorage of students and those from Youth Justice Programmes from the age of 12

It was a requirement to set parameters around the inclusion of this particular activity. In consultation with AMSA, we, and the insurers, are of the belief, children under the age of 12 would pose an overwhelming risk and therefore jeopardise the affordability of The Insurance. As such, if there any programs involving children under 12 we would suggest they are either suspended or you contact us to arrange a bespoke policy for these activities.

It is important to note however, there are certain Laws and Regulations surrounding the participation of children in the shed environment. We would suggest, prior to having children on site, enquiry is made to make sure your Shed complies.

Furthermore, where the Shed is providing instruction at the behest of a school or other organisation, to further protect the Shed and its members, we suggest having a formal agreement with said school or organisation where they are responsible for the Loss or Damage to third party property or bodily injury when caused by the child.

As a matter of risk mitigation, we and AMSA, fully recommend the implementation of a formal written policy for the respective Shed on the subject of Children in Sheds.

39. Is there an age limit to Public & Products Liability cover?

There will be no children within the shed environment under the age of 12 as part of a tutoring or Youth Justice Programme.

This does not prohibit a child attending with a Member whom is either their parent, guardian or grandparent.

Please refer to question (35) for further information relating to children in the Shed.

40. The policy states we are covered for "Project work in the community excluding trade services where Statutory Certification is required". What is Statutory Certification and what does this mean for Community Project Work a shed may conduct?

Statutory Certification means; any, and all, State, Territory, Local & Federal regulations, by-laws and laws surrounding works which can only be completed by a licenced trades person with relevant qualifications or certifications.

Each state/territory will have their own requirements of what work requires a licence to be completed, and it would be these works your policy excludes cover for.

We recommend, the committee of each shed investigate regulations in their area prior to approving Project work in the community to ensure policy exclusions are not triggered.

41. I am a licenced tradesperson, am I covered by The Insurance?

Where you are performing work reliant upon your licencing as a tradesperson, therefore, statutory regulation applying, the policy would not extend to cover you for these works.

In this instance, you would be required to hold your own insurance cover and supply AMSA or it's Shed a copy of the Public & Products Liability and Workcover insurance certificate noting your ABN for works completed.

42. Why do we need a food handling certificate when teaching others to cook?

Whilst the policy acknowledges you conduct cooking classes, it is important the instruction being provided is done so taking into account safe food handling practices and that this instruction is passed on to those learning.

The best way in which this can be shown is through the instructor providing evidence of their Food Handling Certificate.

43. We are organising an event, what should we do?

The organisation and holding of an event is an automatically accepted activity as per item (b) of question 11. It is important to note however; automatic cover is only provided when:

- There will be less than 2,500 participants; and,
- There will be **no** fireworks or pyrotechnics; and,
- Each exhibitor will be responsible for their own insurance and should be confirmed prior to the event. The name of the Shed should be listed as an Interested Party for the event; and,
- Shed members do not partake in parking vehicles (giving direction is acceptable)

Should these points be met, cover is automatically provided under the Public & Products Liability policy.

Where your event falls outside of these parameters, cover will not exist under The Insurance and would therefore need to be arranged as a standalone policy to protect you.

44. As a member, what if my property is damaged or I am injured by the negligence of another Member?

The Public & Products Liability policy has an inclusion which is designed partly for this situation.

Each Member is insured as if they were to have their own policy as per following clause:

"Separation of Insureds

*Except with respect to the Limits Of Insurance, Cancellation Condition and any rights or duties specifically assigned in this insurance to the first Named **Insured**, this insurance applies:*

- *as if each Named **Insured** were the only Named Insured; and*
- *separately to each **insured** against whom a claim is made."*

Another term for this type of inclusion is 'Member to Member' cover.

In order to make a claim, the aggrieved party still needs to provide a letter of demand.

45. We are about to build a Shed, are we covered?

Under the Public & Products Liability policy, you are NOT covered for work performed which requires Statutory Certification/Licencing. As an example, under this policy you are not covered for any Electrical work you do, whether licenced or not.

We suggest you obtain a Contract Works policy, designed for these circumstances. Please contact our office to discuss.

46. We perform Tagging & Testing on non-shed owned property, is this activity covered?

No. Whilst Tagging & Testing was fully excluded under the 2015/2016 policy, we have managed to enhance the policy by including it for equipment belonging to the Shed itself. So long as the testing is being done by someone certified to do so.

This activity does not extend to equipment being readied for sale.

An alternative policy will need to be sought for Testing & Tagging in the community.

VOLUNTARY WORKERS PERSONAL ACCIDENT

47. Who is the insurer?

The policy is provided by Chubb Insurance Australia Limited

48. Where can we view the policy wording?

[CLICK HERE](#)

49. What is Voluntary Workers Personal Accident?

Voluntary Workers Personal Accident is designed to cover the out of pocket Non Medicare Medical Expenses incurred by a Member where a Member sustains an injury.

The policy also provides, according to a Table of Events, a specific lump sum payments for certain injuries as well as accidental death.

General insurers are unable to make payments where Medicare provides a component of cost. This is known as 'The Gap'

50. When am I covered by this policy?

The insurance being provided under this policy shall only apply whilst a Member is engaged in voluntary work authorised and under the control of AMSA or its subscribed Shed, including direct travel to and from the authorised voluntary work.

51. What is 'Authorised Voluntary Work'?

Authorised Voluntary Work is the work agreed to be performed by the Shedders upon authorisation of the Shed committee.

52. Are there age limits?

No. The policy now does not have an upper age limit. It should be noted however; the Lump Sum Benefits of those over the age of 75 reduce.

53. Are there 'pre-existing' medical condition exclusions in the cover?

Yes. The policy is designed to cover unforeseen events. Any pre-existing condition or degenerative conditions are excluded by the policy.

"Pre-Existing Medical Condition means

- a) any physical defect or condition for which treatment, medication or advice (including advice for treatment) has been received or prescribed by a Doctor or Dentist in the three (3) years immediately prior to becoming a Covered Person under the Policy; or
- b) a condition of which a reasonable person in the circumstances would be expected to be aware of in the three (3) months immediately prior to becoming a Covered Person under the Policy."

54. Will the Voluntary Workers Personal Accident pay costs where Medicare pays part of the expense?

No. General Insurers are prohibited by law to insure what is known as 'The Gap', this being the difference between what you pay, and what Medicare pays.

A graphic explaining the Non-Medicare Medical Expenses Claim Process is as follows:

Non-Medicare Medical Expenses Claims Process

55. Notes in regards to Voluntary Workers Personal Accident

This policy **does not** replace private medical cover or Medicare.

Australian Federal Legislation prohibits any general insurers such as Chubb Insurance from paying expenses for which a Medicare Benefit is payable. We cannot comment on the Government intentions of the law surrounding this area of insurance.

This policy reimburses costs, as per the schedule of benefits, for the out of pocket, non-Medicare related expenses.

Examples of expenses typically not paid are:

- X Hospital Surgery
- X X-rays and Ultrasounds
- X Doctors fees, Specialist consultations and Anaesthetists

Where a claim is made under the policy, the information you provide to our office, will also be provided to AMSA, as the policy holder.

When making a claim under this policy, we will contact the Shed committee to obtain a copy of their member register as at the joining of the AMSA Insurance Program.

It is a requirement of the policy that all incidents are reported to the insurer within 30 days. This can be done by completing the [Injury Notification Form](#).

INDUSTRIAL SPECIAL RISKS (ISR)

56. Is cover automatic?

No. When completing the online application, you will be asked if your Shed required asset protection. AMSA will clearly identify on your invoice as to whether you have selected asset insurance or not.

57. Who is the insurer?

Insurance Australia Ltd Trading as CGU Insurance

58. Where can we view the policy wording?

[CLICK HERE](#)

59. We are about to build a Shed, are we covered?

Under the Industrial Special Risks policy, your shed is not coverable until the point of practical completion and occupancy certificate provided. It will not be covered until complete and declared to our office.

We suggest you obtain a 'Contract Works' policy from the builder prior and for the construction phase, or, alternatively, contact our office for a quotation.

60. We have contents stored in two locations, are we covered for both locations?

No. Both sites need to be declared to the insurer and appropriate premium collected. Sheds that have a second location will be billed for the additional location by Everest Risk Group Pty Ltd.

61. Are we covered for flood?

No. Flood is Excluded. If this is an issue, please contact our office.

Please note, the definition of Flood is:

"The covering of normally dry land by water that has escaped or been released from the normal confines of:

- a) *any lake, or any river, creek or other natural watercourse, whether or not altered or modified; or*
- b) *any reservoir, canal or dam."*

Any damage caused by Flood as defined above is not insured by the AMSA Insurance Program.

62. What is the excess payable?

- a) All claims \$2,500 except
- b) Earthquake, Subterranean Fire or Volcanic Eruption \$20,000 or 1% of the Declared value, whichever is lesser.
- c) Named Cyclone
 - a. Buildings built after 2002 \$25,000
 - b. Buildings built between 1996 – 2001 \$50,000
 - c. Buildings built between 1981 – 1995 \$100,000
 - d. Buildings built prior to 1980 \$250,000

Each Shed should be taking a proactive approach to mitigate the risk of loss.

63. What values should we be insuring for?

The automatic Declared Values for each nominated location is \$100,000 for Shed property, which includes cover for the replacement of:

- Contents, Plant & Equipment
- Fixtures & Fittings
- Building (the cost to rebuild the shed)

The \$100,000 needs to represent the costs relating to:

- Replacement of items lost – i.e. the actual cost of replacing all items as new (new for old). The replacement cost also includes those items that are donated.
- Labour & material costs of rebuilding – The labour & material cost needs to be made on a commercial basis and not that of a voluntary or donated basis.

64. We have assessed our values and they are more than the automatic \$100,000 Declared Value of the policy, what now?

Contact us. We have an alternative arrangement for the larger sheds whom do not fall into the automatic cover limits. Additional premium is applicable which will be billed to you directly by our office. AMSA does not invoice any coverages which are outside of the standard package.

The final price you pay will differ depending on the state and location of your Shed.

65. We have multiple buildings on the one location, do we need to take extra insurance outside of the AMSA Insurance package?

The Industrial Special Risks policy covers all buildings, fixtures/fittings and contents/plant and equipment at the location specified. There is no need to individually list or specify each building if they are located on the same property.

If the total Declared Value calculated at any one location for all buildings, fixtures/fittings and contents/plant and equipment does not exceed \$100,000, there is no need to purchase any additional insurance. Shed's which assess their total Declared Value at any one location above \$100,000 need to purchase additional insurance in accordance with question 64.

66. What happens if we declare the wrong values?

Average/Co-Insurance (Underinsurance) applies to this policy. An example of how it operates is as follows:

This policy is written on a "Reinstatement/Replacement" basis which means replacing the property destroyed or restoring the damage in new materials without any deduction for depreciation.

The following is an example illustrating the Average/Co-Insurance clause.

Full property value	= \$200,000
Declared Value	= \$100,000

According to these declared values, You are in effect self-insured for 50% of the property's full value. Therefore in the event of claim:

Actual amount of damage	= \$20,000
Amount Insurer would pay	= \$10,000 less excess

It is important you assess your values and err on the side of caution when deciding what you should be insuring for.

67. Are we covered for Burglary?

If your invoice from AMSA indicates you are insured for Industrial Special Risks burglary is provided to an automatic limit of \$15,000 for any one claim at the location you have declared.

If you require more than this limit or have multiple locations, please contact our office in order to discuss your needs.

Additional premium is applicable which will be billed to you directly by our office. AMSA does not invoice any coverages which are outside of the standard package.

68. We have a trailer/registered plant, are we covered?

No.

Whilst the ISR policy provides cover for mobile plant and equipment (excluding cars, sedans, panel vans and trucks) which is not otherwise insured, whilst on the Shed premises, it does not cover Vehicles or trailers registered or licensed to travel on a public road.

If you require a separate policy for such equipment, please contact our office.

ASSOCIATION LIABILITY

69. Who is the insurer?

DUAL Australia Pty Ltd on behalf of certain underwriters at Lloyds of London

70. What is Association Liability?

Association Liability is designed to cover the Director's, Committee members and office holders of the Association as well as individual State and Shed Committee members, for the cost of investigating and defending any actual or alleged "wrongful" act in the discharge of their duties, except for acts involving proven dishonesty, fraud or misconduct.

71. Can I obtain a Certificate of Insurance for Association Liability?

Due to certain provisions within the design of this policy which make it a confidential contract of insurance, a Certificate of Insurance can be furnished to committee members upon request

72. Where are we able to obtain a Policy Wording/Schedule?

Due to certain provisions within the design of this policy which make it a confidential contract of insurance, the Schedule and Wording can be furnished to committee members upon request
